

High Performance Flexible Armor Cable Assembly

High Performance Flexible Armor Cable Assemblies– PS316 Series

GigaLane **High Performance Flexible Armor Cable Assemblies- PS316 Series** have Low VSWR using Armor Cable up to 12 GHz. They are very useful for commercial and Military RF, Microwave communications systems and Test measurement systems.

Features

- DC to 12 GHz (using SMA Connectors)
- Low VSWR (1.25 :1)
- Phase Stability
- High Reliability

Test Result

- Connector : SMA (Male Type) / SMA (Male Type)
- Cable Length : 1 Meter
